

One on One Fundamentals

“Private Baseball Instruction Since 1990”

2026 BABE RUTH BIG DIAMOND **Developmental Baseball Program**

“A Relaxed atmosphere in order to improve Baseball Skills and development.”

This is very similar to my Fall Wood bat league/clinic. The idea behind the program was to offer offseason baseball development in a game atmosphere to players interested in continued baseball development. (anyone who is new to the big diamond and interested and/or just played First Year Babe Ruth) This program will be offered on Sundays at 12 pm until we are finished, as to not interfere with other fall sports. It is your choice which activity you attend.

There is absolutely no pressure from here.

This program is not limited to just Reading players. I have had players from Austin Prep and surrounding towns.

Details: (if there are enough players for teams)

- 1) Teams (position specific) will be determined by me based on the information received from each participant. (10 Players per team – consisting of 8 positional players, 1 to 2 catchers out of the 10 players will be 5 pitchers) This could change depending on participation.
- 2) Pitchers will throw 2 innings (unless I determine it to be less)
- 3) Once all pitchers have thrown and there is still time I will pitch the remainder of the game.
- 4) This is a developmental environment so when there is a “Teachable Moment”, I will pause the game, have all players meet with me to discuss the situation at hand.
- 5) During the game I will be umpiring from behind the mound to call the game and work with the pitchers during the game.
- 6) Every year is challenging, and we will need to improvise if we are short players.
- 7) Weather is always an issue. Fields are not usually attended to so, if there is rain in the forecast, there is a good chance we will be postponed. However, I always will try to make up any time missed.
- 8) If players need to leave early or arrive late, no problem. Just let me know as I know there are other commitments, and this is considered “Out of Season.”
- 9) Game start time – 12 pm

DATES: 9/13,9/20,9/27,10/4,10/18,10/25,11/1,11/8,11/15,11/22
(weather permitting 12/6,12/13,12/20)

The clinic is designed for players to receive the necessary repetition to hone their skills at a particular position.

Clinic is designed for pitchers to “get their work in” and develop confidence in their individual pitching abilities.

If you are interested, please let me know as soon as possible as positions are on a first come first served basis.
